

Forum Energy Technologies Reschedules Fourth Quarter and Full Year 2023 Earnings Conference Call

February 28, 2024

HOUSTON--(BUSINESS WIRE)--Feb. 28, 2024-- Forum Energy Technologies, Inc. (NYSE: FET) announced today that it will host its fourth quarter and full year 2023 earnings conference call at 10:00 a.m. Central Time on Friday, March 1, 2024. FET delayed its fourth quarter and full year 2023 earnings release and investor conference call to allow time to assess valuation allowance reserves in an international jurisdiction and quantify the potential impact to income tax and net income. After careful review and analysis, including the company's independent auditors, the valuation allowance reserves remain unchanged. FET will issue a press release reporting its fourth quarter and full year 2023 earnings prior to the conference call.

The call will be webcast through the Investor Relations link on FET's website at ir.f-e-t.com.

Participants who want to ask a question during the call should register on FET's Investor Relations website page or click [here](#) to receive the dial-in numbers and a unique PIN. Participants are encouraged to join the call approximately ten minutes prior to the start time. A replay of the call will be available on the Investor Relations website beginning on March 1, 2024, at approximately 5:00 p.m. Central Time.
